**4th Radiance Workshop - McGill University - Montreal 2005**

Santiago Torres • The University of Tokyo • Dep. of Architecture

## 1/8 - Image Based Lighting

## 2/8 - a Radiance Workshop story

- 2002 Fribourg -
- 2003 Berkeley -
- 2004 Fribourg -
- 2005 Montreal -

## 3/8 - Survey setup

## 4/8 - Survey setup

## 5/8 - luminance measurement error

Illuminance measurement

First test under over

First results with sun

After adjustments (1

Points for improvement

- luminance response
- lens flare
- RAW data vs. JPEG

## 6/8 - mksource

Max. ang 2 | -dj .6 -ps 1

Def. | -dj .6 -ps 1 | pfilt /3

- sky.rad files can be saved for later use
- looking into the source gives the correct image
- shorter rendering times (even shorter w/direct cache)

## 7/8 - Experience setup

- no sources: 0.028 hours
- mksource default (10 sources): 0.092 hours
- mksource -a 1 - 580 sources: 4.242 hours
- Idem - w/ direct cache: 0h 48m 56s

## 8/8 - Applications (conclusion)
