

Worksheet Photometric and Radiometric Units

1	emitting
2	receiving
p	projected

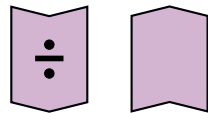

Photometric

I_v	luminous intensity
L_v	
F_v	
E_v	

Conversion

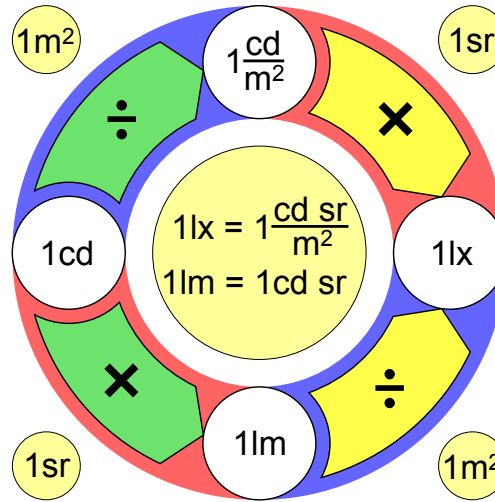

η	luminous efficacy
--------	-------------------

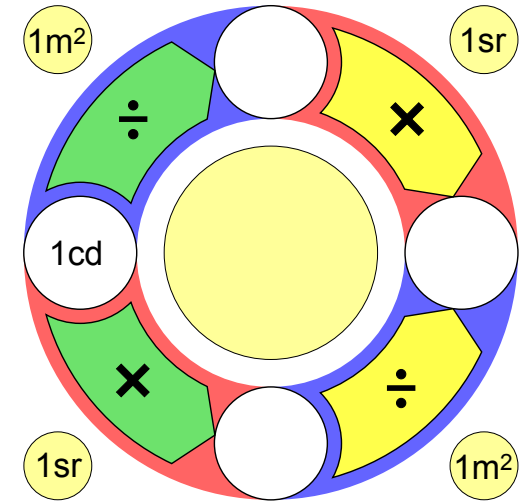

Radiometric

I_e	radiant intensity
L_e	
F_e	
E_e	

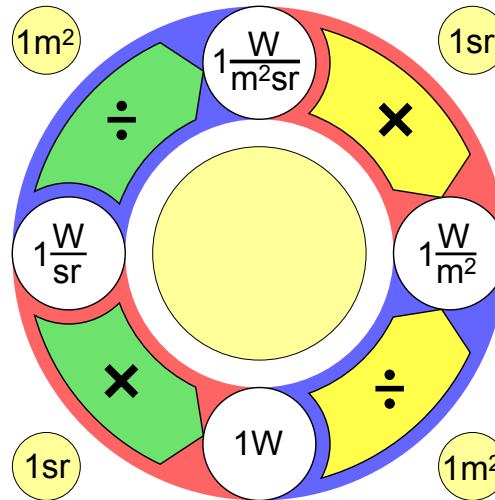

Photometric - Common Use

Photometric - Re-write with only cd, m² and sr!

Radiometric

Photometric - Re-write with only lm, m² and sr!
